

Masai Mara Safari

Masai Mara National Reserve is Kenya's finest wildlife reserve. The wildlife is abundant and the gentle rolling grasslands ensure that animals are never out of sight. Birds, too, are prolific. The Masai Mara is regarded as the jewel of Kenya's wildlife viewing areas. The annual wildebeest's migration alone involves over 1.5 million animals arriving in July and departing in November.

There have been some 95 species of mammals, amphibians and reptiles and over 400 birds species recorded on the reserve. Nowhere in Africa is wildlife more abundant, and it is for this reason a visitor hardly misses to see the big five (buffalo, elephant, leopard, lion, and rhino). Other game includes hippos, cheetah, Grant's gazelle, impala, topi, Coke's hartebeest, giraffe, Roan antelope and the nocturnal bat-eared fox.
